

Lenape Valley Foundation

is proud to offer trauma informed care to all individuals seeking services. Trauma informed services engage people with histories of trauma, understanding that trauma shapes symptoms and sensitivities. Services are provided from a “what happened to you?” rather than a “what is wrong with you?” perspective.

Lenape Valley Foundation is a 501(c)3 non-profit organization. Donations are tax deductible to the fullest extent permitted by law.

Some services operate with funds that, in part, are provided through the Bucks County Department of Mental Health/Developmental Programs.

We welcome

your call to inquire about services and resources available.

LENAPE VALLEY FOUNDATION

Community Care by Caring People

The mission of Lenape Valley Foundation is to partner with members of our community encountering mental health, substance use, intellectual or developmental challenges as they pursue their personal aspirations and an enhanced quality of life.

Our professional and caring staff members are here to help children, adults and families with services related to mental health, substance use, intellectual disability and developmental delays. We provide individualized, culturally sensitive, trauma informed, compassionate care.

On the journey to recovery,

we strive to help each individual find hope, a renewed spirit, a revived sense of dignity, and the opportunity to live a full and productive life.

Lenape Valley Foundation provides services to consumers without regard to their race, creed, color, religion, gender, marital status, age, sexual orientation, national origin, veteran status, physical or mental disability, or any other characteristic prohibited by state or local law.
