Transitional Outpatient Program

Lenape Valley Foundation's Transitional Outpatient Program, also referred to as TOP, provides a more intensive group therapy model and a higher level of services than traditional outpatient services. The Transitional Outpatient Program is available five days per week, Monday through Friday, from 9:00 am to 12:00 pm. Individuals may be scheduled two to five days a week. This program offers a 90-minute process therapy group and a 60-minute support/educational group covering a variety of topics. Medication appointments and individual therapy are scheduled independently and are available through the outpatient department as needed and desired.

Who is eligible for this program?

- Individuals requiring additional support with a psychiatric illness.
- Individuals who wish to return to daytime jobs and other daytime commitments.

- Individuals who are ready for discharge from an inpatient setting, but are assessed to be in need of continued support and ongoing therapeutic intervention.
- Individuals with co-occurring disorders will be served by LVF staff or referred to ancillary services as appropriate.

What specific services are provided?

- Each new admission will receive a comprehensive psychosocial assessment/intake. New clients, along with the program clinician, will develop an individual treatment plan that is tailored to meet each person's specific goals and needs.
- Transportation is available, at no charge, to any client who resides in Bucks County and attends the TOP group.
- The TOP program includes a 90-minute group therapy session as well as a 60-minute support/educational group.
